PT YKK AP INDONESIA

On 2016 November, we released variety of new products. Especially we would like to announce the wide view style window SC type and stylish window FA, FB, FC type. SC window is installed in maximum size W 4000 x H3000. FA, FB, FC type were designed adopting Indonesian elements for suiting Indonesian market property. Flat series (AF, BF, CF, DF) are developed as a flat type for fitting with a curtain. In addition, we changed size glass groove from 9mm to 12mm (glass thickness max 8mm) in existing A, B and SA types. The new specifications types are named AN and BN and SAN as new products.

YKK AP Indonesia is more accessible to our distributors and allows us to build greater depth and breath for better service to our customers. Especially Pro-Users (Architects, Developers, etc) in Jabodetabek area.
